About me

Since 1997 I have been working with film industry, mainly as a Key Grip. I have high expectations of myself as well as my team and I like to work goal orientated. Perfection is my target. To work hard in a safe environment is mandatory. It is natural to go that extra mile for the best result. My personality is described as happy, hard working and curious. I like to work in teams and enjoy contributing with ideas and solutions. As a team leader I quickly get an overview and my ambition is to get my colleagues to grow with their tasks.

2009 I moved from Budapest, Hungary to Gothenburg, Sweden. I am still working internationally with the best job in the world.

I hope you find me interesting and I am looking forward to hearing from you. Enclosed you will find my curriculum vitae.

Kind regards,

Gábor Wendel Laczkó
